Vistry Group is the UK's leading provider of affordable mixed tenure homes. Our purpose as a responsible developer is to work in partnership to deliver sustainable homes, communities, and social value, leaving a legacy of Places People Love.

We are a young and dynamic business with a partnerships-led approach delivered under our Countryside Partnerships brand, and an exciting timber-frame manufacturing operation – Vistry Works, which runs three factories which supports our drive towards net zero.

Delivering thousands of homes every year for the affordable and private marketplaces, Vistry Group also has an unmatched portfolio of retail brands, each with a rich history and strong reputation: Linden Homes, Bovis Homes, and Countryside Homes.

We are a multi award-winning housebuilder which has again been awarded a 5 Star Rating by the Home Builders Federation following the latest industry Customer Satisfaction Survey.
